There was no news to explain the movement beyond the heavy carnings stated to be accum-ulating in the treasuries of all the coal carrying railroads. carrying rallroads

Announcement was made today on several postponed steamship sallings on account of delay in securing coal. This was accepted as Hustrating the universal pressure for this product. Whatever the advantage of such a condition to the coal carrying railronds, it was not con-sidered favorable to the industrial situation at large. Semi-official confirmation was given to the association that Union Facilie and Rock Island had been brought rache and Rock mand had been brought together in some sore of an agreement, assuring mutual advantage by interchange of business. Nothing definite could be learned of the scope of the agreement, but the report was accepted with ratisfaction as a substantial step in a community of interests which avoided future damaging competition.
